**Subject:**

InterWrap Inc. TITANIUM™ UDL Synthetic Roofing Underlayment applications using Miami-Dade Tin Cap and Ring Shank nails as approved in NOA # 08-0625.02

**Reference:**

InterWrap Inc. TITANIUM™ UDL, Dade County and Florida Building Code

**TO:**

All Building Officials and Building Inspectors

Please be advised that the use of approved Dade County "Tin Tags and Nails" are to be used in Dade and Broward County, per Dade County NOA # 08-0625.02

Outside of Dade and Broward Counties, it is InterWraps position to use Plastic Cap and Ring Shank Nails in all other counties as outlined on TITANIUM™ products (printed on the top side of the underlayment facer), in our installation instructions and written specifications.

If a contractor decides to use Dade County Tin Tags and Ring Shank Nails outside of Dade and Broward County this will not in any way affect the TITANIUM™ warranty, provided it is installed per the Dade County NOA # 08-0625.02.

If we can be of further help, please advise.

Best Regards,

Manish Seth  
R&D Manager, on behalf of:

Gary H Schinning  
Roofing Division Manager
